Dear Mr Fenn,

Re: Tree work at the Fen End pond site.

Further to our recent telephone conversation, I have priced up the work and quote as follows:

Dead Willow on the bank of the pond – Pollard at approximately 2m high to leave a standing dead trunk as habitat.

£680 + VAT

This price includes chipping the brushwood and removing all arisings from site.

All staff are trained and certificated. The company carries both employers and public liability insurance, all documentation can be produced on request. Tree work is carried out to British Standard 3998.

If you have any questions, please do not hesitate to contact me.

Yours sincerely

Andrew Fenwick
